

I can help you...

Creative Memories offers **albums**, decorative **supplies**, tools for organizing, software and downloads for **digital** scrapbooking – basically everything you need to **share and preserve** your favorite life stories. And, my personal service can help you bring it all together.

- **Organize and edit your digital photos.** Are you overwhelmed with your digital photos? Not sure where to begin with sorting and filing them? I can help you get started with Creative Memories' software for editing and organizing your digital images on your personal computer. You'll be able to easily locate your photos and incorporate them into StoryBook photo books and other photo gifts. Ask me about free 24/7 online learning, or contact me for individual help in loading your software and learning how to use it. \$15/hr. (first hour free)
- **Create beautiful photo books and gifts.** Are your digital photos trapped on your computer hard drive or in your digital camera? Why not showcase them in beautiful photo books? I can show you how to use StoryBook Creator Plus software to create photo books, wall prints and other photo gifts. Or, you provide the images and I'll create the finished piece for you. \$20-30/hr. (first hour free)
- **Organize and share your printed photos.** I can show you how to organize your printed photos using our Power Sort products or by sliding your favorite photos into our pocket-style PicFolio™ Albums. I can help you every step of the way and ensure you have hundreds of photos stored and shared with ease. \$15/hr. (first hour free)
- **Custom album completion.** I can create an album for you! You can choose to share your photos and stories in our traditional photo albums, or I can incorporate your digital images into StoryBook photo books. Order one, two, or a dozen digital StoryBooks – perfect for sports teams, family history, or business marketing. With my help, you can share and celebrate your life stories for years to come in a completed album. \$30/hr. (first hour free)
